---

Dear Ms. Nalini BASAVARAJ,

According to the Cabinet of Ministers of Ukraine Decision № 1120 of July, 12, 2002 «On the adoption of Guidance on the control for the hazardous waste products transboundary movements and their recycling/ disposal and the adoption of the Yellow and Green lists of waste» the substances listed in the annex concern to the Green list B, instead of to the list A, as it has been earlier by us specified.

We would like to beg you make appropriate corrections to the corresponding documents.

(See annex: Circular on the national classification and control procedures for the import of wastes contained in Annex IX (List B wastes))

Yours faithfully

The head of the Focal Point

V.R. Lozanskiy
